

2012 Definitive Surgical Trauma Care (DSTC) and Definitive Perioperative Trauma Nursing Care Courses

DSTC Australasia in association with IATSIC (International Association for Trauma Surgery and Intensive Care) brings you courses for 2012.

Course Dates 2012

Sydney (Military Module) 24 July 2012
Sydney 25 – 26 July 2012
Auckland 30 – 31 July + 1 August 2012
Perth 24 - 25 October 2012
Melbourne 30 November + 1 December 2012

The DSTC course is an invigorating and exciting opportunity to focus on

- surgical decision-making in complex scenarios
- operative technique in critically ill trauma patients
- hands-on practical experience with experienced instructors (national and international)
- insight into difficult trauma situations with learned techniques of haemorrhage control and the ability to handle major thoracic, cardiac and abdominal injuries

The DSTC course is recommended by the Royal Australasian College of Surgeons for all consultant surgeons and final year trainees who participate in care of the injured. It is considered essential for surgeons involved in the management of major trauma and those working in remote, regional and rural areas.

This educational activity has been approved in the College's CPD Program. Fellows who participate can claim one point per hour (maximum 16 points) in Category 4: Maintenance of Clinical Knowledge and Skills towards the 2012 CPD totals.

The Definitive Perioperative Nurses Trauma Care Course (DPNTC) is held in conjunction with many DSTC courses. It is aimed at registered nurses with experience in perioperative nursing and allows them to develop these skills in a similar setting.

The Military Module is an optional third day for interested surgeons and Australian Defence Force personnel.

For course enquiries, please contact Sonia Gagliardi on +61 2 8738 3928 or email: Sonia.Gagliardi@sswhs.nsw.gov.au

Please register early to ensure a place!
